

ARCHIMEDES LOADING INSTRUCTIONS

- Place your game disk into any drive.
- Ensure that the computer is in desktop mode.
- Move the mouse pointer to the floppy disk drive icon which represents the drive containing the game disks and press the left mouse button. A window should appear showing five icons inside.
- Double click on the HD INSTALL icon for instructions on HARD DRIVE installation.
- Double click on the **README** icon for changes to keyboard and joystick instructions, and additional instructions not in the manual.
- To play the game, double click on the !HEIMDALL icon. The game will now load and run.
- If you encounter any problems with the disks in the future, please return them to Krisalis for replacements.
